

“Empire Wrong Way” – a.k.a. “Tulips” – a.k.a. “Little One”

7 year old Mare – Registered Appendix Quarter Horse

Please help us find a forever home for a very special little girl – registered name “Empire Wrong Way” – barn name: “Tulips” and “Little One”. Little One came to us from a checkered past of being unwanted, misunderstood and unappreciated. She was in desperate need of good quality feed, nutrition, veterinary/farrier care and, above all, love and attention. Standing at a mere 13.1 hands and weighing in at 800 pounds – our Little One has undergone a complete transformation – not only with her physical being but also in her mind, heart and spirit. We have provided her with the professional training needed and the love and patience she deserves! Our goal at the Harris Ranch is to take in one needy horse at a time – undo the damage done by other humans - bring them back to wonderful – and then share them with the world and find them the forever home they all need and deserve.

We do not rehab and “flip” horses for a living – instead, with two rescue horses of our own, over 27 years of professional riding/training experience and enough room in our two-horse barn for one more stall – why not open our doors and gates to those horses who are truly in need and truly deserve a second look, a second chance and a forever home with someone who truly loves and appreciates them.

Little One is a sound, gentle and patient partner; registered Appendix Quarter Horse with full papers and registration; great with children and adults; completely broke (goes both English and Western); stands for the farrier, vet and baths; trailers quietly - loads/unloads without hesitation; and will allow you to mess with her, play with her and just love on her all day long! This little girl is a true sweetheart that may be of smaller stature BUT has a HUGE heart and endless potential.
